KINROSS

kinross gold corporation

## 2008 KINROSS REGIONAL DATA TABLES

Kinross publishes a corporate responsibility report every two years. We will be publishing our next comprehensive report in spring 2010. In keeping with our commitment to transparency, we have reported our 2008 performance data for Kinross across a range of indicators.

These data tables have been prepared in accordance with the Global Reporting Initiative G3 guidelines on performance at operations and growth projects where Kinross held a majority ownership position in 2008 and/or those operations and joint ventures where Kinross was the operating partner responsible for management and operation for the majority of 2008. Site specific information is reported for the fiscal year ended December 2008 and includes 2005, 2006 and 2007 performance data where available.

As a result of ongoing efforts to improve reporting, some minor changes to previously reported values have been made. These are largely the result of better reporting from the operating sites, as well as the implementation of standardized reporting protocols.

Data have been reported for sites that transitioned from growth project to operation during the year. Kupol began operations in the second quarter of 2008. Kettle River-Buckhorn began operations in the fourth quarter of 2008. Performance is reported on a 100% basis, regardless of ownership. To learn more about our performance, see the 2008 Kinross Annual Report and the 2007 Kinross Corporate Responsibility Report.

### Regional Information – USA Operations

<i>Operations</i>	2008	2007	2006	2005
<b>Fort Knox</b>				
Mining Method: Open Pit				
Processing Method: Carbon-in-pulp (CIP), gravity, heap leach				
Employees	421	390	390	420
Contractors	112	39	25	22
Ore Processed (Tonnes)	13,705,756	12,722,000	13,462,000	13,050,000
Gold Production (Gold equivalent ounces)	329,105	338,459	333,383	329,320
<b>Round Mountain</b>				
Mining Method: Open Pit				
Processing Method: Heap leach, carbon-in-leach (CIL), gravity				
Employees	705	708	677	658
